About GPCAA

The Great Plains Creative Arts Association was started in 1950 by seven creative and generous people. The original name "Great Plains Recreation Leader's Laboratory" met for the first time in Nystad, Nebraska. There have been many changes throughout the years, but the spirit of the founding fathers continues.

The annual workshops are for anyone interested in arts, crafts or fun. We offer challenging and excellent opportunities to sharpen old skills, learn new ones and work with people sharing their creative enthusiasm. The classes are in an open lab format for you to spend as much time as you wish on any project.

The 2022 4-day retreat may hold a different setting, to allow any issues concerning Covid-19 restrictions. The daily activities and workshops will start on Tuesday, April 19th at 8:30am following breakfast and conclude at 3pm on Friday, April 22nd. Calvin Crest Camp by Fremont, Nebraska is a wonderful setting to inspire the creativity you did not realize you had.

Wonderful opportunities are offered for participants. Full time participants can be awarded a $25 credit to their registration if they bring a full time participant who has not been at a GPCAA workshop in the past 5 years. Also gift certificates ($25) can be purchased for a friend or family member.

The retreat will continue to offer some of the old favorite classes long with new classes that will provide exciting new ideas for all. Classes are set up to give participants options and time to do them at their own speed. The instructors are great at providing the assistance needed to create a one of a kind piece of art made by you! You are "Free to Sparkle With Creativity!"

Quilts of Valor®
Quilts = Healing!

A Quilt of Valor® (QOV) is a quality, handmade quilt that is machine or hand quilted. It is awarded to a Service Member or Veteran who has been touched by war. The Quilt says unequivocally, "Thank you for your service and sacrifice in serving our nation."
The Oath of Enlistment states, "I do solemnly swear that I will support and defend the Constitution of the United States against all enemies, foreign and domestic."
These Veterans vowed to lay down their lives for you and me, no questions asked. We cannot judge what being "touched by war" means to a Veteran. It will be different for each one, no matter where or when they served.
The GPCAA workshop's theme of "Free to Sparkle with Creativity" will give anyone interested a chance to express thanks for our freedoms to a deserving veteran. A block can be constructed by any participant willing to learn the art of foundation paper piecing. You will have a sense of pride knowing you contributed to the making of such a quilt.

Workshop will introduce students to new concepts and skills, including but not limited to drawing an image using the grid system, introduction to gouache painting, and an appreciation of native plant species. For those unfamiliar, gouache is an opaque water based paint similar in texture to tempera. It can be used like watercolor or with an opaque application. Gouache can be layered, rewelted and reworked and cleans up easily with water. Because of its versatility and ease of use, it is a great medium for beginning painters.
